

PRESS RELEASE – 21/09/2021 – PARALLEL SOLUTIONS OFFICIALLY PARTNERS WITH LYNQ

Parallel Solutions has today officially become a Bronze LYNQ MES partner.

LYNQ MES extends Parallel Solutions portfolio in order to provide comprehensive manufacturing functionality to digitalise and drive factory performance. LYNQ's MES (Manufacturing Execution System) integrates with Acumatica to provide visual planning and scheduling as well as comprehensive manual and automatic data collection and analysis from employees and machines to enable manufacturing companies to maximize efficiency, productivity and profitability.

“Parallel Solutions LLC is pleased to partner with LYNQ as their Manufacturing Execution System provides an easy-to-use visual planning and scheduling solution that will provide our customers the ability to quickly respond to ever changing needs in prioritising workflow on the manufacturing floor when combined with Acumatica's Advanced Manufacturing edition.” Comments Nancy Wright, Sales Manager at Parallel Solutions.

“We are pleased to be partnering with LYNQ as their Manufacturing Execution System (MES) solution fits the needs of our manufacturing companies, who have scheduling and shop floor data collection needs.” Jeff Ballway, Senior Business Management Consultant, Parallel Solutions LLC.

About Parallel Solutions LLC

Parallel Solutions LLC specialises in migration and implementation of ERP systems for the manufacturing and distribution industries. Our certified Acumatica consultants strive to maximize your company's profitability by providing solutions that are secure, efficient, and meet current and future business needs. Parallel Solutions serve small to medium sized business across the United States.

About LYNQ

LYNQ is reinventing manufacturing execution system (MES) software. Configurable, intelligent and quick to deploy, LYNQ helps manufacturers around the world thrive in today's competitive market. LYNQ technology drives continuous improvement with plug and play manufacturing operations management software, that is easy to work with and enjoyable to use. Designed, developed and deployed to a high standard for a fraction of the typical cost, LYNQ MES accelerates digital transformation and automation initiatives to achieve delivery, quality and financial goals.
